**Setup Email on Android Device**

Open mail program
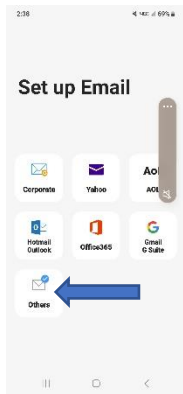

Click on three lines in the upper left-hand corner

In upper right-hand corner of new window, click on the gear symbol

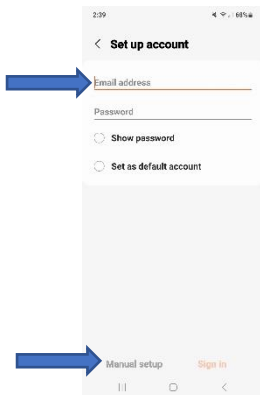

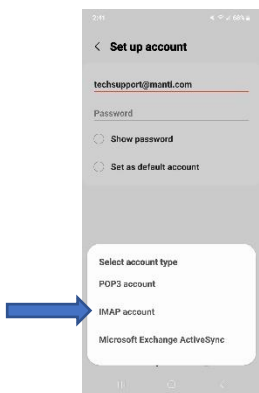

Click on "Add account"

Scroll to the bottom, click on "Others"

Type your email address, then "Manual setup" will be available to click

Click on "IMAP account"

Enter your password, then under IMAP server type "imap.bluetie.com"

Under "SMTP server" type "smtp.bluetie.com," then enter your password and click next

Click "Done" on the next two screens
