Do I need a phone line to get TV or Internet Service with MTCC?

We get asked this question a lot. The answer is no.

We offer standalone Internet and TV service without phone, however due to government regulations and tariffs the cost is higher than it is with a phone line.

The best value for Internet is our **FiberFast50** package. It goes for **\$69.99** per month and includes the phone line!*

If you would like more information about standalone services, please contact our office at 435-835-3391.

*Customer is responsible for taxes on included phone line.
