We're Going Green!

Green. It means go. It's the color of money. It's the favorite color of the most recent environmental movement. It's the color people turn when they find out you have Fiber-to-the-Home Internet and they don't.

We are proud to announce that over the course of the next couple months, we will be taking steps to "go green". What does that mean? Keep an eye on our Facebook page to find out! (We're horrible teasers).

Star in Your Own TV Show!

Have you always wanted to be on TV?

We are looking for new content to show on Channel 3 and HD 800. If you have an idea for a TV show you would like to make and have shown on our local channels, then let us know!

We are interested in comedies, documentaries, instructional do-it-yourself shows, news programs and more! All shows would need to be family friendly with no violence or inappropriate subject matter. Channel 3 reserves the right to refuse shows that we deem as inappropriate.

The shows would need to be mostly produced and filmed by you, but if you would like help in making the show let us know and we might be able to work something out. So, if you are the creative sort and want to be on TV, let us know! We want to put you and your ideas on Channel 3!

Email us the details about the show to ch3productions@manti.com.
