Halloween Fun!

Halloween is coming up fast, and the spirits are getting restless once again! They have arranged for some spooky fun for our customers this year. Here is what they have in store:

Haunted Lobby

During October, spooks and ghosts take over our lobby and make it their home. As we get closer to Halloween, be sure to check out the creepy changes they have made to our haunted lobby!

Early Trick-or-Treating

We will have treats, popcorn and other fun stuff available for both kids and parents who want to get an early start on Trick-or-Treating. Treats will be available during our office hours (8am – 6pm) on Thursday and Friday (Oct 27-28), so come on in and enjoy some Halloween treats!

Costume Contest

Our Halloween Costume Contest returns! Bring in your kids or dress up yourself and come on in to get your picture taken in front of our haunted telephone booth! Costume entries will be accepted on Thursday and Friday (Oct 27-28). Photos of your costumes will be posted on our Facebook page and will be voted on during the week of Halloween (Oct 31-Nov 3). Winners will be announced on November 4th. Prizes will be given for the best costumes.

Employee Pumpkin Carving Contest

Our 2nd Annual Employee Pumpkin Carving Contest will be held from Oct 24-28. Pumpkins will be on display all week. Voting will be available on our Facebook page and at our Manti office, so come on in and vote for your favorite pumpkin!

Halloween Day

Come on down to our office from 8-5 on Halloween Day for some yummy popcorn and treats!

MHS Sports Live on Channel 3

Fall Sports End...Winter Sports Begin!

Attention MHS Sports fans! Home Football games are coming to an end but you can still re-watch this Fall's football, soccer and volleyball games on Ch3 and HD 800. We hope to have the Homecoming game recorded, edited, and playing on Channel 3 and HD800 within a week after the game. We have also had some very positive responses to our on-screen scoreboard, and will continue to use it going forward.

Now we get to start looking forward to basketball season! As of right now we are only planning on live streaming the boy's basketball home games. If you would be interested in seeing the girls basketball games live streamed to Ch3 and HD 800 then let us know at ch3productions@manti.com or call us at 435-835-3456.

Star in Your Own Show!

Have you always wanted to be on TV?

We are looking for new content to show on Channel 3 and HD 800. If you have an idea for a TV show you would like to make and have shown on our local channels then let us know!

We are interested in comedies, documentaries, instructional do-it-yourself shows, news programs and more! All shows would need to be family friendly with no violence or inappropriate subject matter. Channel 3 reserves the right to refuse shows that we deem as inappropriate.

The shows would need to be mostly produced and filmed by you, but if you would like help in making the show let us know and we might be able to work something out. So if you are the creative sort and want to be on TV, let us know! We want to put you and your ideas on Channel 3!

Email us the details about the show to ch3productions@manti.com.

TV On My Side

At MTCC we strive to give our customers the best possible experience for the best rates we can offer. What many people don't realize is that it is the TV networks themselves that are often the cause of rate increases. As a TV provider, the networks charge us a per-subscriber rate that we must pay in order to carry their channels. When these rates go up, our cost per channel goes up and we are forced to pass that on to our customers in many cases. To see how some of the negotiations with the networks are handled, you can visit tvonmyside.com. It is a very informative site that gives you information on how we fight to keep our rates as low as possible.

Pharos Smart Home

Is Home Security Important to you?

If it is, then we have great news for you! Pharos Smart Home is now available at MTCC!

Pharos Smart Home is a home automation service that gives you total control of your house, even when you aren't there! Pharos Smart Home products include door and window sensors, cameras, motion detectors, thermostats, moisture sensors, alarm sirens, smoke detectors, door locks and more.

All of these devices can be set up to respond in different ways. You can monitor and control your home remotely, receive event-triggered alerts and emails, allow access to your home or business at your discretion, and much more.

If home security is important to you, let us show you how Pharos Smart Home is right for you. Come visit our Manti office and check out our interactive demo room today!

Symmetrical Internet

Have you gone Symmetrical yet?

People have changed the way they are using the Internet. With the popularity of streaming video, online gaming, cloud storage and file sharing, people are uploading more than they ever have before. With traditional asymmetrical Internet, it took you longer to upload information than it did to download that same information.

We are proud to say that we are the **first and only Internet provider** in Sanpete County today to offer Symmetrical Internet to our residential customers! Now your upload speed can match that of your download speed at a fantastic price! For just \$10 more per month, you can make any of our Internet packages symmetrical!

With our **Symmetrical Internet** you would be able to upload pictures, videos, and files much faster than before, have less lag in your online gaming experience, and have smoother video calls with Skype! All for just \$10 more per month! If you haven't already signed up for Symmetrical Internet, call us today!

Fiber-to-the-Home

Everyone has heard of Google™ Fiber, right?

What you may not know is that MTCC has been deploying and using the same **Fiber-to-the-Home** technology as Google™ since 2006! In fact, if you live in Manti, Ephraim, or Sterling and have services with us, chances are you are already on our **Fiber-to-the-Home** network!

Using the same technology and type of equipment as Google™ Fiber, we are able to provide a dedicated direct line from our office to your house, preventing the slow-down that you can get from the shared node type of system that some other companies use. With our **Fiber-to-the-Home** network, Manti Telecommunications can provide up to a 1 Gbps service to your house or business. Now that's fast!

So the next time someone asks if you have Google™ Fiber..you can now proudly say "Nope, I get my Fiber from MTCC!"

Referral Program

Don't forget about our incredible Referral Program! All you have to do is refer someone to MTCC. If that person signs up for services and tells us you referred them, you will **get a one-month credit*** on your bill! It's that easy! Refer someone today and save money now!

*Credit will be equal to the value of services the referred person signs up for, excluding telephone services and taxes.
