

### What is Halo Fixed Wireless?

Halo Fixed Wireless is a wireless internet network currently servicing Spring City and Chester, Utah. Halo Fixed Wireless uses radio transmitters placed on local cell phone towers in conjunction with receivers installed at the customer's house to provide high speed Internet service.

Halo Fixed Wireless offers residents of Spring City, Chester, and parts of Mt. Pleasant an affordable, competitive option for Internet service without the need for a phone line. Sign up today!

## Tech Support

Can't connect to the Internet? Can't access your email? We are here to help! At MTCC we strive to give our customers the best customer service and technical support we can give. We can usually help solve most issues with you over the phone, or we can come to your location to help with some of the tougher issues. If you are having any trouble at all, please give us a call!

\$39.95 per month	\$49.95 per month	\$69.95 per month
10 Mbps	20 Mbps	50 Mbps
3 Mbps Upload	5 Mbps Upload	10 Mbps Upload

\*Currently available in Spring City, Chester, and parts of Mt. Pleasant and Wales.

## Installation

### How do we install Halo Fixed Wireless?

We use the latest fixed wireless technology to provide high speed internet without the need for a phone line or a buried cable to your home. We install a small antenna on the side of your home connected by a single wire to your computer or router to provide you with super-fast internet that you can have up and running in your home TODAY!!

### What is the cost of installation?

There is a **\$100 Installation Fee**, which can be paid for all up front or split up into three payments during the first 3 months of your contract. If you sign up for E-billing and Autopay, you will receive **\$25 Off** the Installation Fee.

## Additional Info

- Requires 1 Year Contract.
- Install Fee \$100, \$75 with Auto-pay & E-billing.
- No contract if customer buys equipment up front.
- Prices do not include taxes. Other fees may apply.
- All speeds are best effort and may vary due to location, customer equipment, website status, etc.
- Network and Acceptable Use Policy available at [www.manti.com](http://www.manti.com) or upon request.

## WHAT SPEED DO I NEED?

For the best streaming experience, most of the popular streaming apps are recommending a minimum of:

# 25 Mbps

per stream.

If you are streaming these apps on more than one device at time, your bandwidth requirements will increase accordingly. For most customers, MTCC recommends a minimum of **50 Mbps**.

\*While these apps will work at slower speeds, your experience will be less than ideal. Disney+, Hulu, Netflix, Amazon Prime, and Apple TV logos are registered trademarks of their respective companies and are not affiliated with MTCC. All rights reserved.

Take the headache out of Wi-Fi and let us manage it for you!

When you sign up for **TECHLINK**, we provide you with a quality Wi-Fi router, install it, and help you set up a password. Plus, with **TECHLINK** Managed Wi-Fi we can monitor data speeds, check signal strength, recover passwords, and troubleshoot remotely from our office.

Keep your family safe!
