March Madness

Cord-Cutters Welcome!

Not a TV subscriber? Plan on streaming the Tournament this year? Maybe all this Madness has gotten to us, but you are exactly the person we are looking for! Cord-cutters like you have forged a new path in how you watch TV. You don't just watch your shows on a normal TV screen – you stream them to tablets and smart phones too. You watch where and when you want to watch, no cord is going to keep you down!

You realize the importance a fast internet connection has on your TV streaming experience, and that's why we have tailored our **FiberFast 50** package specifically for you. Give your internet the boost it needs to stream on multiple devices and catch all the action without unwanted interruptions!

Sign up for **FiberFast 50** or higher today!

Watch Everywhere!

Our current TV subscribers can get in on the streaming action too! The NCAA March Madness app available through Watch TV Everywhere from MTCC gives you complete access to the Tournament.

Stream every game live on your laptops, tablets, and smartphones - anywhere you have Internet access! Plus, get **exclusive content** available only to Watch TV Everywhere subscribers!

Watch TV Everywhere is available for FREE* to our TV subscribers. To register, visit www.watchtveverywhere.com and follow the on-screen instructions. If you need assistance, please let us know!

Website Easter Egg Hunt

The Egg Hunt returns March 26-30

Beginning on Monday, March 26th we will be hiding **Easter Eggs** all over our website (www.manti.com) for you to find. The more eggs you find, the more chances you will have to win some great prizes!

Once you find an egg, click on it and answer the question presented to you. Every correct answer will get you one (1) entry into the prize drawing! If you answer incorrectly, you will receive an email telling you to try again. A total of 5 eggs will be hidden – one egg per day.

The number of prizes we hand out will depend on the number of participants we get, so tell your friends! Winners will be announced on Monday, April 2nd.

TV Price Increases

Increases Take Effect in March

TV networks have once again raised their per subscriber rates, which means that our TV prices will increase starting this month! We have not had a price increase in the last 3 years and have done everything we can to keep our prices as low as possible. Be sure to check out the website below to get a clearer picture of why these increases happen.
