MTCC Tech Tip

Be sure to join us on Facebook
Live for **MTCC Tech Tip!**

Scheduled for the 2nd Tuesday
of every month, **MTCC Tech Tip**
is a great way to learn about
the technology we use today
and what is coming in the
future.

Learn about wi-fi routers, fiber-
to-the-home, internet safety
and security, High Definition
TV, and a variety of other
topics!

MTCC Tech Tip is hosted by
Gary Hughes, our Tech Guy
Extraordinaire!

TV Rate Increases

As networks continue to raise their per-subscriber rates, it has become necessary for us to raise our rates on our TV packages. We try to keep these rate increases as small as we can while still covering our costs. For information about why TV rate increases happen, we encourage you to visit www.tvonmyside.com.

The following changes to our TV packages will take effect on March 1, 2019:

Simply TV will increase from \$32.95 to \$42.95.

Basic TV will increase from \$75.95 to \$85.95.

Expanded TV will increase from \$85.95 to \$95.95.

Total Choice will increase from \$129.95 to \$139.95

We understand that these increases may cause some of you to adjust your TV packages, and you are most welcome to do so. Please call our Customer Service Representatives at 435-835-3391 and they will be happy to go over your options with you.

Thank you for choosing us as your TV provider!

FiberGuard

Kids playing games online instead of doing their homework?

They'll learn quick when you have the power to pause the internet!

With FiberGuard from MTCC, you can filter internet content, track browsing history, and manage screen time – you can even pause the internet so your family will pay attention to you again!

Plus, with Mobile Protection you can manage their smart phones even when they're not at home! How cool is that!?

FiberGuard is easy to install, simple to use, and very budget friendly.

Visit www.manti.com/internet/fiberguard for more info.

Connect**XT**

Stay connected.

ConnectTxt is a great free text messaging program that allows us to stay in contact with our customers.

Through **ConnectTxt**, we let you know about special promos, events and contests, network outages, news, programming changes and much more.

ConnectTxt is completely free* and voluntary, and we typically send 1-2 text messages per month.

To sign up, simply text **joinmtcc** to **28748** on your cell phone.

Join today!

*Standard text rates apply.

Do I Need a Phone?

Do I need a phone line to get TV or Internet Service with MTCC?

We get asked this question a lot. The answer is no.

We offer standalone Internet and TV service without phone, however due to government regulations and tariffs the cost is higher than it is with a phone line.

The best value for Internet is our **FiberFast50** package. It goes for **\$69.99** per month and includes the phone line!*

If you would like more information about standalone services, please contact our office at 435-835-3391.

*Customer is responsible for taxes on included phone line.

WebGuide

We've all been there.

You're away from home when the panic hits – you forgot to record your wife's favorite show!

Normally this would mean a very uncomfortable night on the couch and a lot of evil looks from your wife.

But you can avoid all those "remember when you forgot to" conversations by using our **WebGuide** service.

WebGuide allows you to set recordings remotely – from anywhere you have internet access!

Now you can be her hero instead of a zero!

Pharos Smart Home

How Smart is your Home?

These days everyone seems to be talking about how smart their houses are. What exactly does that mean? How can a house be "smart"?

A smart home is a house that is connected to the internet and can be controlled remotely through an app or website.

With a **Pharos Smart Home**, you can control the thermostat remotely, turn lights on and off from the comfort of your bed, lock the front door from your cell phone, or send an emergency text message to neighbors, friends, and family with the touch of a button on an emergency alert pendant!

The possibilities are endless with **Pharos Smart Home** products!

For more info visit www.manti.com/smart-home.

GO SYMMETRICAL

Upload Faster.

Popular apps like Facebook, YouTube, Skype, Dropbox, Google Drive, and many others, have changed the way people use the internet.

Whether it is for posting pictures and videos to social media sites, video calls and conferencing, online gaming, remote home monitoring, or backing up information to the cloud, people are uploading a lot more these days and recognize the need for faster upload speeds.

With our **Symmetrical Internet**, we've got you covered. For only \$10 per month, you can now go symmetrical and upload as fast as you download!

Go Symmetrical today!
