Support Our Troops!

May brings 3 chances to honor and support our Troops!

VE Day

On May 8, 1945, the Allies officially accepted the unconditional surrender of Nazi Germany, thus ending World War II in Europe. Victory in Europe Day is a chance to remember those who served and fought in World War II.

Armed Forces Day

May 20th (the third Saturday in May) is Armed Forces Day, a day set aside to pay tribute to the men and women who serve in our Armed Forces. Often celebrated with parades and air shows, Armed Forces Day is also part of Armed Forces Week.

Memorial Day

More than just a day to BBQ, Memorial Day is a day to remember and honor military service members who have died in the line of duty. Memorial Day is celebrated on Monday, May 29th this year. Our offices will be closed.

Symmetrical Internet

People have changed the way they are using the Internet. With the popularity of streaming video, online gaming, cloud storage and file sharing, people are uploading more than they ever have before. With traditional asymmetrical Internet, it took you longer to upload information than it did to download that same information.

We are proud to say that we are the **first and only Internet provider** in Sanpete County today to offer Symmetrical Internet to our residential customers! Now your upload speed can match your download speed at a fantastic price! For just \$10 more per month, you can make any of our Internet packages symmetrical!

With our **Symmetrical Internet**, you can upload pictures, videos, and files much faster than before, have less lag in your online gaming experience, and have smoother video calls with Skype! All for just \$10 more per month! If you haven't already signed up for Symmetrical Internet, call us today!
