Great customer service is also something we pride ourselves on. Our mission is to give our customers the best customer service possible. We understand your connections our important to you, and so we have it made it our goal to provide fast, friendly, professional customer service and try to resolve any issue you may have the first time we visit.

If you're not already taking advantage of our great services, we invite you to sign up today!

Pharos Smart Home is Here!

Is Home Security Important to you?

If it is, then we have great news for you! Pharos Smart Home is now available at MTCC!

What is Pharos Smart Home?

Pharos Smart Home is a home automation service that gives you total control of your house, even when you aren't there! Pharos Smart Home products include door and window sensors, cameras, motion detectors, thermostats, moisture sensors, alarm sirens, smoke detectors, door locks and more.

All of these devices can be set up to respond in different ways. You can monitor and control your home remotely, receive event-triggered alerts and emails, allow access to your home or business at your discretion, and much more.

For example, you can set up a Pharos Smart Home door lock to turn lights on or off when it is unlocked, receive an email letting you know a door or window sensor has been triggered, or unlock a door and send an email alert when a safety alert pendant is activated. The possibilities are endless and easy to customize.

If home security is important to you, let us show you how Pharos Smart Home is right for you. Come visit our Manti office and check out our interactive demo room today!

Symmetrical Internet

People have changed the way they are using the Internet. With the popularity of streaming video, online gaming, cloud storage and file sharing, people are uploading more than they ever have before. With traditional asymmetrical Internet, that meant that it took you longer to upload information than it did to download that same information.

We are proud to say that we are the **first and only Internet provider** in Sanpete County today to offer Symmetrical Internet to our residential customers! Now your upload speed can match that of your download speed at a fantastic price! For just \$10 more per month, you can make any of our Internet packages symmetrical!

Who would benefit from **Symmetrical Internet**? Chances are you would! If you use any of the following programs or apps you would benefit from going Symmetrical: Facebook, YouTube, Instagram, Vimeo, Skype, DropBox, Google Drive, Online Gaming, File Sharing programs, Cloud File Storage, Remote Printing Services, Smart Home or Home Security apps, and more!

With our **Symmetrical Internet** you would be able to upload pictures, videos, and files much faster than before, have less lag in your online gaming experience, and have smoother video calls with Skype! All for just \$10 more per month! If you haven't already signed up for Symmetrical Internet, call us today!

Have you gone Symmetrical yet?

sym·met·ri·cal

/sə'metrik(ə)l/

adjective

Made up of exactly similar parts facing each other or around an axis: showing symmetry.

noun

Totally awesome internet from Manti Telecommunications!

Holiday Fun!

Thank you to all who showed up and had fun at our Halloween events!

Costume Contest

We had quite a few people come in to enter our Halloween Costume Contest. Congratulations to Harlee Christiansen who got the most votes from our customers on Facebook and is the winner of our Halloween Costume Contest with her Wonder Woman costume. She will receive a delicious Candy Basket from Candies on Main!

Pumpkin Carving Contest

Congratulations to Colt Christiansen, who was the winner of our Employee Pumpkin Carving contest! His "pumpkin eating a pumpkin" carving received the most votes from our customers on Facebook and in the store.

Thanksgiving Coloring Contest

We are currently holding a Thanksgiving Coloring Contest! Visit our Facebook page to download and print our Thanksgiving Turkey (drawn by our own Laura Dahl) and have your kids color them and bring them in to our office for a treat and a chance at winning a great prize! The contest ends soon, so hurry!

Santa is coming to MTCC!

We have heard rumors that Santa Claus is making a stop right here at our Manti office to visit with the kids and hand out some yummy treats. We haven't heard the exact date yet, but watch our Facebook page (or call our office) for more details!

Family Event Packages Are Here!

Just in time for the Holidays!

Does your Internet slow down when your family gets together?

All those extra devices (laptops, smartphones, tablets, gaming consoles, etc) can eat up your bandwidth fast, causing your Internet to slow down.

Don't worry! We're here to help!

With our new **Family Event Packages**, you can now temporarily bump up your Internet speed while your family is here, and then bump back down to your normal speed after they're gone.

The cost of our Family Event Packages is minimal (\$5, \$8, or \$12 depending on the speed you are bumping from and to), and the upgrade lasts for 5 days. If you need longer, you can simply extend your upgrade by another 5 day package. It's that easy!

If you're expecting company for the Holidays, let us know and we can get you signed up for one of Family Event Packages today!

Once you have registered, you can also download the individual apps for each network you want to watch on your tablet and smartphone. This allows for quicker access to you favorite content. If you have any questions or need help registering, please let us know!

TV On My Side

At MTCC we strive to give our customers the best possible experience for the best rates we can offer. What many people don't realize is that it is the TV networks themselves that are often the cause of rate increases. As a TV provider, the networks charge us a per-subscriber rate that we must pay in order to carry their channels. When these rates go up, our cost per channel goes up and we are forced to pass that on to our customers in many cases. To see how some of the negotiations with the networks are handled, you can visit tyonmyside.com. It is a very informative site that gives you information on how we fight to keep our rates as low as possible.
