Why Landlines?

Do I have to have a landline?

As a government regulated company, we are required to charge for either a landline service or a “dry” line that has no number assigned to it. This applies to anyone who signs up for internet or TV service within our designated service area.

So, to answer the question, you do not have to have a phone line. However, having a phone line assigned to you is actually the cheaper of the two options!

Did you know that if you sign up for 50 Mbps or higher internet service, we pay for the phone line? *

Call 435-835-2929 for details!

*excluding taxes.

My Services

Did you know that you can find local information right on your TV screen?

If you are an MTCC TV Subscriber, you have access to a local events calendar, weekly school lunch menus, and school event calendars on your TV!

Click on the Menu button of your remote and choose the My Services category. Once you click OK, you will see all sorts of local information from MTCC.

Plus, get a weekly weather forecast by clicking on the Menu button and choosing Weather.

Just another great added value service from MTCC!

WebGuide

We’ve all been there.

You’re away from home when the panic hits – you forgot to record your wife’s favorite show!

Normally this would mean a very uncomfortable night on the couch and a lot of evil looks from your wife.

But you can avoid all those “remember when you forgot to” conversations by using our **WebGuide** service.

WebGuide allows you to set recordings remotely – from anywhere you have internet access!

Now you can be her hero instead of a zero!

Watch TV Everywhere

Pop Quiz!

Question: Watch TV Everywhere from MTCC allows you to:

- C) Catch up on previous episodes of your favorite tv series or binge watch entire seasons.
- D) Watch movies on demand from networks like Starz, StarzEncore, and HBO.
- E) All of the above.

The correct answer is E) All of the above!

GO SYMMETRICAL

Upload Faster.

Popular apps like Facebook, YouTube, Skype, Dropbox, Google Drive, and many others, have changed the way people use the internet.

Whether it is for posting pictures and videos to social media sites, video calls and conferencing, online gaming, remote home monitoring, or backing up information to the cloud, people are uploading a lot more these days and recognize the need for faster upload speeds.

With our **Symmetrical Internet**, we’ve got you covered. For only \$10 per month, you can now go symmetrical and upload as fast as you download!
