

FAMILY COMING HOME FOR THE HOLIDAYS?

When your family gets together, does your Internet seem to slow down?

All those extra devices eat up your *bandwidth* fast, causing your internet to go slower.

Our new **Family Event Packages** allow you to temporarily bump your Internet speed up while your family is visiting, and then bump it back down when they leave.

Now everyone will love coming to your house even more!

Family Event Packages:*

	20 Mbps	50 Mbps	100 Mbps
From 10 Mbps	\$5	\$8	\$12
From 20 Mbps	-	\$8	\$12
From 50 Mbps	-	-	\$8

*All Family Event packages are for 5 Days.

*Prices are in addition to your normal bill. Speeds reflect a temporary upgrade and will automatically be reduced to your normal plan after the 5-Day period is over. Only available for customers with a fiber connection. Not available in all areas.
