

### What is Halo Fixed Wireless?

Halo Fixed Wireless is a wireless internet network which uses radio transmitters placed on local cell phone towers in conjunction with receivers installed at the customer's house to provide High Speed Internet service.

Halo Fixed Wireless offers residents in parts of Spring City, Chester, Mt. Pleasant, and Wales an affordable, competitive option for Internet service without the need for a phone line. Sign up today!

## Tech Support

Can't connect to the Internet? Can't access your email? We are here to help! At MTCC we strive to give our customers the best customer service and technical support we can give. We can usually help solve most issues with you over the phone, or we can come to your location to help with some of the tougher issues. If you are having any trouble at all, please give us a call!

# 435-835-2929

Manti Telecommunications 34 W. Union Manti, UT 84642

## Installation

### How do we install Halo Fixed Wireless?

We use the latest fixed wireless technology to provide high speed internet without the need for a phone line or a buried cable to your home. We install a small antenna on the side of your home connected by a single wire to your computer or router to provide you with super-fast internet that you can have up and running in your home TODAY!!

### What is the cost of installation?

There is a **\$100 Installation Fee**, which can be paid up front or split up into three payments during the first 3 months of your contract. If you sign up for E-billing and Autopay, you will receive **\$25 Off** the Installation Fee.

## Additional Info

- Requires 1 Year Contract.
- Install Fee \$100 or \$75 with Autopay & E-billing.
- No contract if customer buys equipment up front.
- Prices do not include taxes. Other fees may apply.
- All speeds are best effort and may vary due to location, customer equipment, website status, etc.
- Network and Acceptable Use Policy available at [www.manti.com](http://www.manti.com) or upon request.

## WHAT SPEED DO I NEED?

For the best streaming experience, most popular streaming apps are recommending a minimum of:

**25 Mbps**

per stream.

If you are streaming these apps on more than one device at time, your bandwidth requirements will increase accordingly. For our Halo Fixed Wireless customers, we recommend a minimum of **50 Mbps**.

\*While these apps will work at slower speeds, your experience will be less than ideal. Disney+, Hulu, Netflix, Amazon Prime, and Apple TV logos are registered trademarks of their respective companies and are not affiliated with MTCC. All rights reserved.

## Wi-Fi Without the Hassle

Need Wi-Fi but don't know how to set up or maintain your network?

Sign up for our **TechLink Managed Wi-Fi** service and we'll provide you with a quality Wi-Fi router, set up a secure password, and manage your network for you - we can even troubleshoot most issues remotely without a service call!

For larger homes, try our **TechLink Managed Mesh Wi-Fi** to eliminate Wi-Fi dead zones!

Managed Wi-Fi: **\$10** per month

Managed Mesh Wi-Fi: **\$12.50** per month\*

\*Includes 2 Mesh Wi-Fi units. Add \$2.50 per month for each additional unit.
