WHAT SPEED DO I NEED?

For the best streaming experience, most of the popular streaming apps are recommending a minimum of:

25 Mbps

per stream.

If you are streaming these apps on more than one device at time, your bandwidth requirements will increase accordingly. For most customers, MTCC recommends a minimum of **50 Mbps**.

*While these apps will work at slower speeds, your experience will be less than ideal. Disney+, Hulu, Netflix, Amazon Prime, and Apple TV logos are registered trademarks of their respective companies and are not affiliated with MTCC. All rights reserved.

FAMILYUP

When your family comes to visit, does your internet seem to slow down? All those extra devices can chew up your bandwidth in a hurry, making your internet seem sluggish.

Give your internet a boost with one of our **FamilyUp** plans and make everyone happy! **FamilyUp** plans temporarily increase your internet speed while your family is here, then go back to normal when they leave.

Now everyone will love coming to your house even more!

	To 50 Mbps	To 100 Mbps
From 25 Mbps	\$8	\$12
From 50 Mbps	-	\$8

*All FamilyUp plans are for 5 days. Prices are in addition to your normal bill. Speeds reflect a temporary upgrade and will automatically be reduced to your normal plan after the 5-day period is over. Not available in all areas.

FIBERFAST INTERNET

	Download	Upload	Monthly
FIBERFAST GIG	1 Gbps	300 Mbps	\$249.95*
